The image contains two identical rectangular boxes, each with a quarter-circle cutout in one corner. The left box has the cutout in the top-right corner. It features two labels: 'hold here' at the top-left corner and 'hold here' at the bottom-left corner, both oriented vertically. The right box has the cutout in the top-left corner. It features two labels: 'hold here' at the top-right corner and 'hold here' at the bottom-right corner, both oriented vertically.

The image contains two identical rectangular boxes, each with a quarter-circle cutout on one of its corners. The left box has the cutout on the top-left corner. The text 'hold here' is written on the top edge, centered horizontally, and on the left edge, centered vertically. The right box has the cutout on the top-right corner. The text 'hold here' is written on the top edge, centered horizontally, and on the right edge, centered vertically.

Diagram illustrating a circular arrangement of four points labeled A, B, C, and D. The points are connected by a circular arc. The text "hold here" is written near each point. The text "follow us on github.com/learningtitans/paperclickers" is written vertically on the right side of the diagram.

A diagram showing a circular arrangement of four points labeled A, B, C, and D. Point A is at the top, B is on the right, C is at the bottom, and D is on the left. The points are connected by a circular arc. Below the diagram, there are two large rectangular areas, each labeled "hold here".

The image contains two identical diagrams side-by-side. Each diagram shows a rectangular box with a curved line starting from the bottom-left corner and ending at the top-right corner. The text 'hold here' is written in a sans-serif font. In the left diagram, the text is placed vertically along the left side of the box and horizontally in the upper-middle area. In the right diagram, the text is placed horizontally along the right side of the box and vertically in the upper-middle area.

The image contains two side-by-side diagrams illustrating the correct and incorrect ways to hold a glass. Each diagram shows a glass with a bowl and a stem. In the left diagram, a hand is shown holding the glass by the bowl, with the text 'hold here' written twice: once vertically along the side of the bowl and once horizontally above the bowl. In the right diagram, a hand is shown holding the glass by the stem, with the text 'hold here' written twice: once horizontally above the bowl and once vertically along the side of the stem.

A diagram showing a quarter-circle sector of a circle. The two radii forming the sector are labeled "hold here" in a vertical orientation. The arc of the sector is also labeled "hold here" in a horizontal orientation.

A diagram showing a quarter-circle sector of a circle. The two radii are represented by thin black lines, and the arc is a thin black curve. The text "hold here" is written twice in a black, sans-serif font. One instance is positioned near the top-left radius, and the other is positioned near the top-right radius.

A diagram showing a quarter-circle sector of a circle. The two radii are horizontal and vertical, meeting at a 90-degree angle. The text "hold here" is written vertically along each radius, indicating where to hold the object.

A diagram showing a quarter-circle sector of a circle. The two radii are horizontal and vertical, meeting at a 90-degree angle. The text "hold here" is written vertically along each radius, indicating where to hold the object.
